

IT HUB and SERVICES

.....Growing together

INTRODUCTION:

We, IT Hub & Services, are already in to providing Training to Judges, Public Prosecutors and Staff at Banks, Educational Institutions and Corporates. We have specially skilled professionals to perform the Training.

In this fast moving electronic era, where technology developments involve in every element of human life. Besides, the Government is also bringing so many compulsions, where they are compelling the individuals and institutions to take help of technology, termed as “DIGITAL INDIA”. Though, India is moving towards a CASHLESS ECONOMY, but including the latest wannaCry attack, ATM Hacking, CYBER CRIMES becomes most dangerous law-breaking offence in the life of a common man., where women and Kids are being mostly targeted.

Today, everybody uses Mobile and Internet, once you are connected to internet, there is no bifurcation of whether it is small Panchayat or a highly Techno-savvy City, any one could be a CYBER VICTIM. The fact and figure says, the Awareness on Cyber Crimes and their precautions becomes dismal. It is highly recommended that, this AWARENESS TRAINING should start from the School level itself.

DIGITAL INDIA Vs. CYBER CRIMES
